

# SENIOR PET RELEASE

TINIRU INC. DBA PAWSITIVELY PURRFECT

*The greatness of a nation and its moral progress can be judged by the way its animals are treated. -Gandhi*

Just as we get older and our health begins to deteriorate, our pet's health does the same but at a much faster rate. The average dog will mature more quickly than human's do early on. The first year of your pet's life can equal up to about 15 human years. After their first year depending on the size can age between 4-7 year per actual year of life, so a 10-year dog can be as old a 66-year old human if not older.

As your pet's health, safety, and happiness is our utmost importance, we will always put their best interest above its vanity. It is the goal of our Team to provide your pet's experience with us as stress free and pleasant as possible. So please understand that some pets may be unable to be complete or even groomed, dependent on the dogs physical and mental conditions.

Due to your pet's age, physical and/or mental health we may not be able to perform some or any of the services you are requesting. We will immediately contact you if we decide to stop service or delay service for any reason. The grooming process can be a stressful experience that can exaggerate or expose new problems, or even lead to a serious medical event not excluding death.

There is a strong chance that your pet's grooming will be uneven, patchy, or not what you requested. We will not proceed with any changes to a style without first consulting you, but due to the senior dogs having potential medical conditions, behavioral issues, and/or lose of senses it could make the process more difficult which could lead to more stress for your pet.

Although every effort will be made to contact you first, but in the best interest of your pet, we request your permission to obtain medical care should a situation arise that we feel warrants immediate veterinary assistance. Should we be unable to speak with you personally, please indicate below what measures you would like us to take on your behalf:
